MINISTRIES

From the desk of Reverend Carl Wesley Anderson, Executive Director/Born to Blaze Ministries

LOVE SPEAKS

.....
We wish to thank you for being a part of our story. You have prayed, encouraged, given of yourselves, and have faithfully financially supported BORN TO BLAZE in order for us to continue to move forward and reap fruit this past year. This is our faith coming together and working in ways that produces immeasurable impact and Kingdom results. To this end we are grateful for you every **faith step** along the way.

Thank you!

There are so many wonderful ways that the Lord has opened doors and expanded our ministry and territory this past year, but first let me share with you a story of a recent message that I recently received on the heels of LOVE SPEAKS - our new TV series that premiered October 2018 and currently airing on Trinity Broadcasting Network - one of the world's largest networks.

A viewer (Dave G.) wrote the following, and with his permission we wish to share it with you;

"I caught the first episode of Love Speaks on TBN and was mesmerized by it. It immediately heightened and deepened my relationship to the Bible. Somehow I am already cherishing mine more. ...I was raised Methodist but left (the church) at 16 and then drifted all over the place spiritually for a very long time. I kept trying to find my way back but somehow I just couldn't. Then I saw the first episode of Love Speaks on TBN and was just bowled over. Seeing such passion for the Word made me realize there must be "something there" which in turn made me realize what a fool I have been. And then I prayed the prayer of Salvation with Carl on his website. I was (and am) ready to start over. Carl, I really can't explain how much your Love Speaks series and what I'm reading in your emails has moved me and changed me."

Filming on location in Ireland.

Praise the Lord! More and more wonderful stories like this are coming in. The power of the work of the Holy Spirit has been evident in the many lives of people near and far who have shared their stories with us.

Thank you for introducing Jeremiah 6:16 to me and **presenting this word in a fresh and new way.** I know that I have read this Scripture before but through your illustration regarding the monks at Skellig Michael, it came alive! Thank you also, Carl, for sharing your personal story battling cancer. **It is evident that you are walking in faith and in the love of the Father.** Thank you for your encouragement and being a living testimony of His hope." (Jamie)

Financial Landscape

We thank the Lord for his goodness to us and for the generous support of our faithful monthly donors and those providing one time gifts. Over the past few years, however, annual giving fell short and **resulted in some critical times for us** - we prayed and walked by faith trusting the Lord and not knowing where or how or through whom His answers would come.

This past year we sought out sound advice and wise counsel and we currently have renewed hope and greater knowledge in how to move the ministry to not only a place of sustainability, but also to where it allows for growth and expansion over the next year.

This is where you come in. In our case, it doesn't take a village - it takes a body! A body of believers contributing each member's part to make us whole.

We are providing a variety of ways for one to help support our ministry, offset expenses and enable growth goals. They include the following for your consideration:

- Increase Giving
- Become a Monthly Donor
- One Time Gift
- Offer Matching Gift
- Volunteer
- Donate Used/New Items
- Host a Small Gathering
- Transfer Stock (Tax Benefits)
- Sponsorships - businesses and individuals (film credits)

In addition please look through our web pages to read about all of the ways to be involved and more. We need you more now today than ever before. **Exciting, and a faith walk all rolled into one.**

Financial Goal

This upcoming year we need to raise approximately **\$200,000** to meet budget and growth goals in **2019**. This total includes financial contributions, and where some may be offset by donated goods and professional services. As good stewards of managing your financial contributions, we have seen how God has faithfully multiplied our efforts and minimized areas of expenses, and that in some cases seems impossible. Considering high costs associated with a general production budget to create content on average - **we truly have witnessed the LORD multiply the fish and loaves.**

Where does the money go?

- Administrative Costs and Overhead
- New Program Development
- New Content Development
- Filming, editing
- Speaking and Teaching Opportunities
- Travel related to filming and interviews
- Web Development and Maintenance
- Outside services
- And more.

Closing Comments

As a response to what the Lord is doing in and through us, we look with hope towards 2019 and we invite you to prayerfully consider your financial gift this Christmastime, and with new or increased support in 2019. We pray that what is coming will take us and our ministry to a new level of being, where faith comes alive in increasingly and abundant ways to each of us, the now generation, and the ones to come. **We believe this next year will truly usher in the most extraordinary phase yet.** God is calling us to follow Him into 2019 as He transforms us, those whose lives we encounter, and those we reach to the ends of the earth. We believe that our faith will continue to come alive as we continue to partner in the Lord for Kingdom gain and God's glory.

You are invited to bring the very best to offer as we celebrate His coming into the world, and as we look forward to sharing and spreading this GOOD NEWS with the arrival of 2019 and beyond to the the ends of the earth.

And as always - keep listening!

Carl Wesley Anderson
